

READING BRAILLE

On World Disability Day (December 3), **Sunil Shetty** attended 'May I Help You?', a public service event organised for the National Association for the Blind. The actor was offered the menu in Braille at a restaurant in Worli. One of the visually challenged girls read the menu to him. Actor-producer Nasir Khan (of Shadows fame) was also present to boost the morale of the visually challenged.

As part of the awareness drive, diners at the restaurant were given Braille menus and with a visually challenged volunteer reading it out to them.
